

**Deborah A. Duncan**  
**Deputy District Engineer for Programs**  
**and Project Management**  
**U.S. Army Corps of Engineers**  
**Afghanistan Engineer District**

Deborah Duncan is the Deputy District Engineer for Programs and Project Management and the highest ranking civilian in the district. She is responsible for making district commitments with sponsors and customers and insuring those commitments are met through project management. She also directs formulation of the District's program and budget, and oversees and approves the operations budget.

Ms. Duncan previously served three years as the Deputy for Programs and Project Management for the U.S. Army Corps of Engineers' Transatlantic Programs Center (TAC) Winchester, VA. TAC is responsible for most Corps of Engineers' operations in the Middle East and Africa. She supervised the Engineering and Construction directorates with responsibility for project management, technical design, and construction.

Prior to her assignment in Virginia, Ms. Duncan served for three years as Chief, Engineering and Construction Division, Corps of Engineers' Japan District, headquartered at Camp Zama, near Tokyo. She served as Chief, Technical Services Branch of the Corps of Engineers' Seattle District, where she was responsible for engineering and design support to the Hazardous, Toxic and Radioactive Waste and Civil Works Programs. She served as Deputy Director of Public Works at Fort Carson, Colorado, for five years. She has held a variety of positions with the Directorate of Public Works and the Corps of Engineers, including Pueblo Army Depot, Colorado; Fort Bragg, North Carolina; Fort McPherson, Georgia; Kaiserslautern Area Office, Germany; and Vandenberg Area Office, California.

Ms. Duncan holds a bachelor's degree in civil engineering, and she is a registered professional engineer in California. She is an active member in the Society of American Military Engineers and has served in several leadership positions in the Society.

Ms. Duncan's awards include two Commander's Awards for Civilian Service, Commander-in-Chief's Special Recognition for Installation Excellence, Commanding General's Award of Merit, two Superior Civilian Service Awards, and two Achievement Medals for Civilian Service.
